

FAREWELL PERFORMANCE BY VAUDEVILLE TROUPE

Tomorrow night the last attraction of the season at the Casino will be given by the vaudeville company, which has been holding the boards at the summer theater for the past few weeks. The performance Sunday evening will be in the nature of a benefit performance for the members of the company and will in no way be a "Traction company affair." The Casino has been donated to the vaudeville company for the evening and the members of the company will receive the entire receipts of the box office.

Miss Marian Whiting and her clever company of artists will go out of their way to make tomorrow night's performance the best that has been given at the Casino during the summer and the program that is offered is certainly attractive.

Among those who will take part in the bill tomorrow night are the Leno Sisters; Nace, the contortionist; the ever popular Hamilton Sisters in their song and dance sketch; Richardson and Little Miss Labyrd; Marian Tracy Whiting, in her difficult impersonations; A. Whistler, Harry Gibbs and the New Mexico Trio.

Indications are that the Casino will

be packed at this last performance, and the members of the company given a rousing send off. The sale of tickets at Matson's today was very large.

GEORGE SAMUELS HAS A WEALTH OF SCENERY

A unique scheme for western theaters is being arranged by that veteran showman, George Samuels. Mr. Samuels has organized a fine company of New York players and will send them over a circuit of towns in the southwestern dramatic field. These will be put on exactly as the original plays were produced, and forty sets of scenery are now being built to fit the stages in the towns visited.

Mr. Samuels plans to give two plays in each town, one a melodrama and the other a comedy. The company will tour the circuit every seven weeks, bringing new plays and new scenery each time, thereby giving the western theatergoers an opportunity to see a great variety of dramatic productions.

The first presentations will be "A Desperate Bride" and "The Man From Mexico," on next Monday and Tuesday nights at Elks theater.

SILVER CITY HAS LIBRARY AND READING ROOM

The library, reading room and woman's exchange, was opened at Silver City, says the Independent, on October 2 for business, under the charge of Mesdames Fielder and Barnes, who have rented and attractively fitted the Shepard store building on Bullard street. A public library association has been established and these ladies have been the recipients of a large number of books donated by friends of the reading room enterprise, and which are held as a nucleus of the public association when organized. In addition, those in charge have purchased a large number of books from the Tabor Inn library of Philadelphia and have upon their table all the latest magazines and periodicals. The present arrangement as to the reading room is that of a membership card, costing \$1 per month, and a charge of five cents per book taken out when held for a period not exceeding ten days. Receipts from these sources are used in paying the expenses of the association and in the purchase of new books. The membership card entitles the holder to the privilege of the reading room, and strangers introduced by members are welcome without charge.

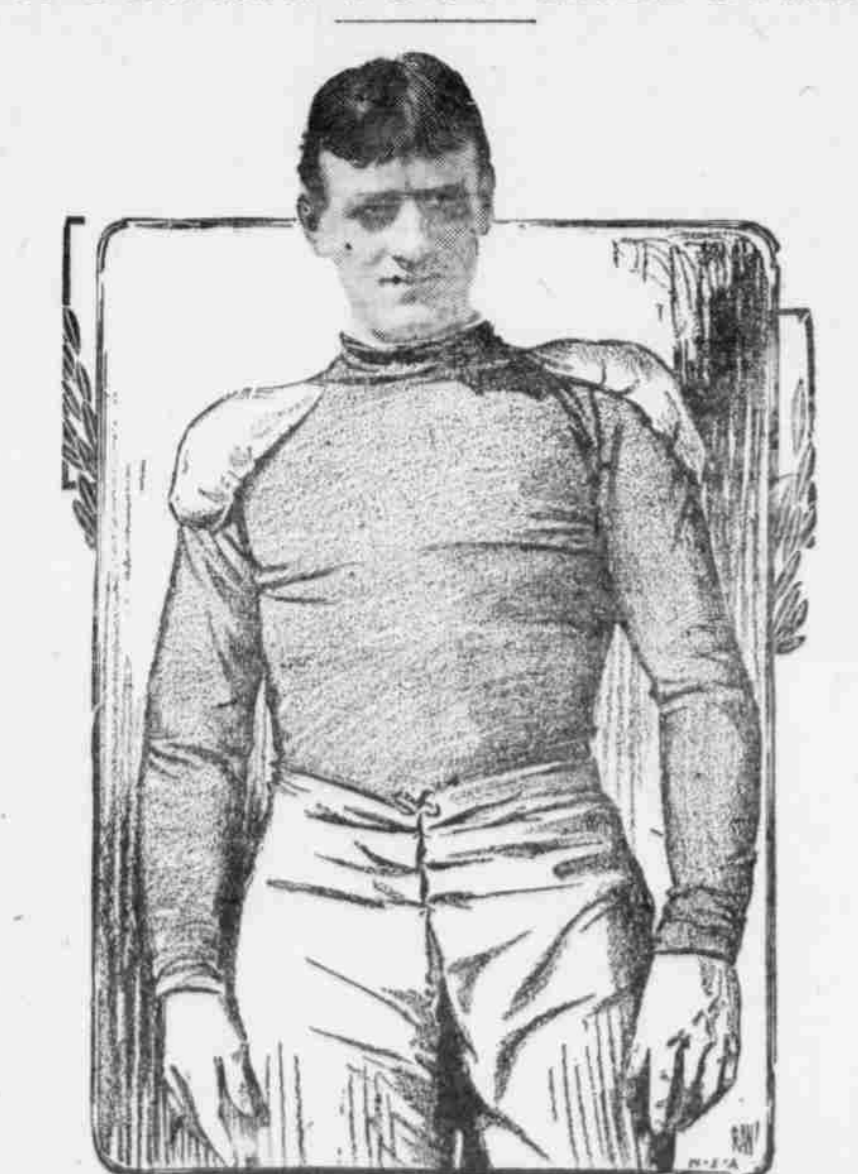

Those not holding membership cards may take out books by depositing the price of the book, such amount to be refunded, less the reading fee, on the return of the book.

In the Woman's exchange department, lunches will be served and wares of woman's make will be sold on commission. Tea, coffee and chocolate will be served at noon and in the evening, and homemade bread, pies and cakes will be on hand for sale or supplied by order.

Full of Tragic Meaning
are these lines from J. H. Simmons, of Casey, Ia. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, which disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases; prevents grip and pneumonia. At all druggists; guaranteed; 50c and \$1.00. Trial bottle free.

Special display and sale of Men's Winter Underwear. Largest line in the city at the Golden Rule Dry Goods company. See window display.

A COMING FOOT BALL STAR

MARCUS HURLEY.
Marcus Hurley, world's champion bicycle rider and basketball crack, has started gridiron work at Columbia. He is showing up strong as a punter and he is looked upon as a most important addition to the eleven. As Columbia has really never had a first class punter since Chauncey Bishop's time, it is very gratifying to Capt. Thorpe to find a man with as much natural ability as Hurley possesses.

SPORTING... ...BREVITIES

Lovers of the national sport all over the country will be glad to know that Dave Fritz, who was so badly injured during a game in New York, will not be permanently crippled. He is still in the hospital, but slowly improving.

The Prince of Wales is to become a patron of the "sport of kings." Several race horses will carry his colors next year. King Edward has long been a patron of racing in England, which sport is looked upon with more favor by the king than it is by the members of the cloth here.

Indiana sheriffs are so vigilant that they won't even permit prize fighting in the woods. When Kid Herbert of Kansas City and Carl Anderson of Hammond, Ind., attempted to fight near Newport, Ind., the sheriff gathered them in with the 300 spectators. Part of the crowd escaped by running away.

BASE BALL TERM ILLUSTRATED.

Under the circumstances it ought to be an easy matter to pick the winner in the world's championship series. "We will win the series without any doubt," says John McGraw, of the Giants. "The Athletics can't lose; it's a cinch we will win," says Connie Mack, of Philadelphia.

An unspeakable Turk lowered the American colors in a wrestling bout at London the other night, when Ahmed Madrali defeated Tom Jenkins at catch-as-catch-can for \$500 a side and a purse of \$750.

The poor showing made by Yale in the preliminary skirmish indicates that extensive changes will be made in the line up of the eleven for the big games yet to come.

The need of big men for the line was shown in the game between Wisconsin and the Navarrete team. The Badger coaches have begun skinning for beef.

Columbia's first clash of the season was a disappointment. The eleven failed to show any real foot ball strength. Fumbling characterized the work of the Princeton Tigers. Harvard showed strength in aggressive tactics, but the recruits proved proficient only as fumble magnets.

Mike (Twain) Sullivan has put in a claim for the lightweight title, on the strength of fighting Joe Gans to a draw.

Jack Jeffries is anxious to meet Al Kaufman, conqueror of Harry Foster, but it is probable that Marvin Hart will be given the first chance—that is, if Hart can be coaxed outside the borders of Kentucky long enough to fight.

Chicago is pinning its hopes to the forlorn belief that St. Louis and Washington may be able to clip a few points off the Athletics' percentage.

What Chicago fans can't understand is what the Cubs want with players that Cincinnati has turned loose.

The moving pictures show that Nelson used his head in clinches or out of them.

Captain Hurley, of Harvard, was much more badly injured than appeared at first when he hurled the line in practice, the other day. Hurley landed on his head, and was caught under a mass of players.

It is expected that Britt and Nelson will come to some sort of an agreement about another fight when they meet in Gotham this month. It is hardly probable Nelson will take on any of the pretenders before he gives Britt another chance.

The Iowa foot ball eleven made a fairly auspicious beginning of the season. Word comes from the hospital that the three disabled players will be able to report probably within a week.

CURES CATARRHAL DEAFNESS.

One Week's Use of Hyomei Did More Than Six Months' Treatment by Specialists.

In the treatment of deafness which is often a result of catarrh, Hyomei acts almost immediately upon the inflamed membrane and the hearing begins to return at once.

Miss Meeks of Mattewan, N. Y., says: "Hyomei is truly wonderful. I have used it but a short time and have a great change in my condition. My hearing is improving rapidly, and I had no idea I would improve so rapidly in so short a time. My breath, which was very offensive to myself and others, has lost its bad odor entirely. I have spent a great deal of money with catarrh specialists, and can truly say that six months of their treatment is not equal to one month of Hyomei."

J. H. O'Reilly & Co. are selling Hyomei upon the usual plan of agreeing to return the money if the medicine does not cure.

A complete outfit costs only \$1, and consists of an inhaler that can be carried in the vest pocket, a medicine dropper, and a bottle of Hyomei.

MINUTES OF MEETING OF DEMING TRUSTEE

The following, from the Thursday issue of the Deming Herald, gives a pretty good idea of conditions in Luna county's growing capital:

At the regular meeting of the board of trustees of this village, held on Monday last, the following proceedings were had:

In the absence of Chairman Field, Trustee Clark was chosen chairman pro tem.

The following accounts were allowed and warrants drawn therefor: Deming Ice & Electric company, September street lights, \$20; D. B. Stephens, sheriff, fees and feeding prisoners, \$21.25; Cooke Chapman, justice fees for village cases, \$2.55.

Salary accounts for September, \$45; Total, \$88.80.

The clerk was instructed to call the attention of the Deming Ice & Electric company to the poor street lighting service during the month of September, and to notify them to live up to the provisions of their contract.

A building permit was granted to J. A. Money to erect a corrugated iron addition, 10x15 feet, in the rear of his building on Gold avenue, known as the Palace drug store.

The petition of Ralph C. Ely for a franchise for the erection of an electric power plant in the village of Deming was laid over until Wednesday, October 4, 1905, at 1:30 o'clock p. m.

The petition of W. J. Clark, et al. for a franchise for the erection of a water work system in the village of Deming was denied, all members being present and voting aye.

The clerk was instructed to correspond with W. N. Small, manager of the El Paso foundry, with a view to securing balls and chains to use in working the village prisoners on our streets.

The reports of the treasurer and clerk showing a balance of \$1,907.77 in the village treasury on the 30th day of September, 1905, were read, received and ordered filed.

The board then took a recess until Wednesday, October 4, 1905, at 1:30 p. m., for the purpose of considering unfinished business.

Wednesday's Meeting.
The board was called to order by the chairman pro tem, Attorney J. Clark, and proceeded to consider the petition of Ralph C. Ely for the erection, maintenance and operation of an electric power system, and after a full discussion of the subject unanimously passed ordinance No. 27, granting to Ralph C. Ely, his associates and assigns, a franchise for the erection, etc., of an electric power system in the village of Deming.

The board then passed a resolution granting the Deming Real Estate and Improvement company, its associates and assigns, ninety days from date in which to complete its water works system in Deming.

Do You Want Strength?
If you want to increase your strength you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable.

It is the only food combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities. Sold by all druggists.

The Pantatorium.

MOTHERS RETAIN Your Youthful Figures.

To be beautiful is to be loved by all. If there were a woman who is indifferent to this she is not to be loved. Yet from time immemorial society has recognized what they thought to be a detriment in the way of such a consideration. The beauty of children has meant to them the marbling of physical beauty of figure, without which the life of a woman would be a life account. Nothing could be more remote from truth than this; childhood is purely a natural phenomenon, accompanied by pain, to be sure, but it is a great deal more than a mere hardship of its effects upon the human form divine than any other natural function.

MOTHER'S FRIEND

Is essential to the proper management of every case of labor; it relaxes and softens the abdominal muscles, thereby enabling them to sustain the stretching that they must undergo, and from this very fact it facilitates their return to normal proportions after childbirth, and it is obvious that pain must be greatly lessened from this very reason.

It is a pleasant, it is harmless, it is potent, it is priceless in its results, it is Mother's Friend. \$1.00 per bottle at drug stores; the book of pictures value sent free to all women.
